Descriptif

See you in Saint-Martial! Park your car in the car park at the Saint-Martial church square. There you will find an information board with details of points of interest to visit in the surrounding area, as well as a grassy area and a picnic table for refreshments.

Now leave the village and head southeast towards Bonnes. Keep an ear open along the way! Robins, Grey Cuckoos, Elegant Goldfinches and Oaks Jays will be present. These birds will charm your ears at the first light of dawn.

Once you have bypassed the King's Wood, head northeast along the Dronne. You will arrive near a place called "Les Champs". Turn left and return to the village of Saint-Martial.
